

Welcome and Congratulations

Jamie Lathrop

Jamie survived NorthStar's arduous interview process impressing everyone with her down to earth personality and hands-on behavioral support skills. Jamie was working for San Juan Unified School District as an Inclusion Instructional Assistant where she supported children with Autism in various capacities since 2006. Jamie also worked as a nanny to a family with a child with special needs and she founded a non-profit organization called Beauty Within Autism.

When Jamie is not working, she spends time with her Basset Hound fur babies, she calls them the loves of her life. Music is a huge part of Jamie's life and she is always at a show. Jamie is interested in photography and does work on the side. And of course, her friends and family are really important to her.

Jamie is very excited to work for an organization that shares her values and focuses on great training. She is loving the person centered practices of NorthStar and has a lot to share with us. She is looking forward to meeting and getting to know everyone soon!

Please take a moment to welcome and congratulate Jamie Lathrop and Merrilee Godbout who are stepping into CSF-2 roles for NorthStar. Both Jamie and Merrilee will support Val and all the teams from Roseville to Grass Valley primarily but will be sharing their gifts with everyone when the opportunity presents itself.

We know it has been challenging during the time of transition and we are grateful to everyone who has been filling in and stepping up to help when needed. A huge appreciation to Val for countless hours over the last months!!

You can contact our new CSF-2's...

Merrilee Godbout

Merrilee has worked for NorthStar since 2009 and has supported many individuals. She has always been someone you can count on and has taken on leadership responsibilities on many teams. Merrilee has a warm and wonderful personality and she always makes you feel right at home. Merrilee has tackled many CSF duties in the past and is really a go-to team member. Merrilee has amazing relationships with people supported by NorthStar, families and staff as well.

Outside of work, Merrilee devotes her time to her children. She could easily spend all day in her yard and she loves to share clippings of the beautiful succulents she grows. Merrilee also has four, yes four, little dogs that she adores.

Merrilee is very excited about the opportunity to support individuals and teams as a CSF-2 and can't wait to start spending time with everyone!

Welcome to the Team
